### Peace of mind

Rely on TCB Pay's experienced compliance team, regulatory expertise, and dedicated support team.

## Keep Everything Under Control

### Admin Panel

Manage your team's access, assign virtual and digital cards, and select Admins and Analysts to manage the account.

### Bulk Users Upload

For large companies, easily upload a batch of users from a CSV file to create multiple user accounts with just a few clicks.

### Customizable Limits

Create spending profiles with weekly and monthly cycles, limiting the amount and the number of transactions per cycle.

### Full Control

Track your employees' transactions and card usage in real-time, and lock any cards or users anytime.

### Analyst Access

The customizable Analyst user access only provides a reporting view of the account, without allowing card management.

### Detailed Reporting

We provide detailed reporting features, including a daily account overview, specific data by categories, and per user/card.

## Easy Payments

### Contactless Payments

Tap to pay for a quicker checkout process.

### Digital Wallet

Add the TCB Pay card to your mobile wallet for quick payments wherever you go.
